

## Oração dos sinos ao entardecer

### *Prayer at the evening bell*

Rudolf Steiner<sup>1</sup>

Admirar o belo,  
Proteger o verdadeiro,  
Venerar o nobre,  
Decidir o bem:  
Conduz o ser humano  
Na vida a metas,  
No atuar para o correto,  
No sentir para a paz,  
No pensar para a luz;  
E o ensina a confiar  
No atuar divino  
Em tudo o que é:  
No Universo,  
No fundo da alma.

*To wonder at beauty,  
To watch over truth,  
To esteem what is noble,  
To resolve on the good:  
It leads human beings  
To aims in their life,  
To right in their action,  
To peace in their feeling,  
To light in their thinking;  
And teaches them trust  
In the working of God  
In all that exists:  
In cosmic worlds,  
In depths of soul.*
